Re: Quarterly Report of South Carolina Electric & Gas Company Concerning Construction
of V.C. Summer Nuclear Station Units 2 and 3

Dear Ms. Boyd:

On May 16, 2011, South Carolina Electric & Gas Company (the "Company" or "SCE&G") filed with the Public Service Commission of South Carolina a copy of its Quarterly Report (the "Report") for the period ending March 31, 2011, related to the construction of V.C. Summer Nuclear Station Units 2 and 3. During a review of the Report, SCE&G discovered an error in Appendix 2, Chart A. Specifically, the formula in line 16 of the native Excel spreadsheet underlying the confidential version of Appendix 2, Chart A did not update the calculation as intended. This problem occurred only in the confidential version of Appendix 2, Chart A and not in the public version that was filed. Consequently SCE&G has corrected and enclosed a revised confidential version of Appendix 2, Chart A.

Please note, as set forth in the May 16, 2011 filing letter accompanying the Report, the enclosed version of Appendix 2, Chart A contains commercially sensitive information subject to protection pursuant to the Engineering, Procurement and Construction Agreement between SCE&G and Westinghouse Electric Company, LLC and the Shaw Group. For that reason, SCE&G is filing this revised confidential version of Appendix 2, Chart A under seal and requests that it be subject to a protective order as requested in the May 16, 2011 filing letter.

If you have any questions, please do not hesitate to contact us.

Sincerely,

Belton T. Zeigler
